The #1 Glocal Community for
Corporate Innovators is now heading to

Los Angeles

19-22 June 2018

Your essential innovation upgrade

Innovation is no longer the responsibility of a few lonely mavericks. Most large companies now take innovation seriously, implementing labs, training, programs, and dedicated innovation functions. Innovation culture is thriving.

Since 2011, we've hosted intimate, immersive, and impactful gatherings to help corporate innovators understand how their peers operate, to experiment with new methods and tools, and to learn essential skills.

We've already visited innovation hotspots like London, Munich, New York, Paris, Singapore, Stockholm, San Francisco and Tel Aviv — our next stop is LA this June.

"The only conference I have been to that actually created meaningful impact."

"I got true learning
and growth out of it."

"I had an amazing
experience, and came
home with my brain
on fire."

A blue-tinted photograph of a crowd of people at an event. In the foreground, a man in a light-colored button-down shirt and dark trousers is raising his right hand. To his left, a woman in a light-colored cardigan is also visible. The background shows many other people, some with their hands raised, suggesting an interactive or celebratory atmosphere.

A different kind of event

innov8rs

Innov8rs events are designed to help you connect and collaborate with people in similar roles, chasing similar objectives, facing similar challenges — your tribe.

Across 40+ different sessions over four days, you'll experience trending topic talks, case study talks, whiteboard sessions, workshops, masterclasses, field trips and project booster sessions. We don't just want to leave you feeling inspired, we want to help you take action while you're with us, ready to implement once you leave.

If that all seems like too much for one person, bring your whole team along to gather insights from all of our speakers, then work with experts in dedicated project booster sessions to maximize your organization's learning.

"The most varied and beneficial conference I've attended over the past 15 years."

A personalized experience

Based on your goals and needs, you can pick sessions that are most relevant and interesting to you, exploring themes like:

- Succeeding with innovation labs, incubators, and accelerators
- Structuring, scaling, and sustaining intrapreneurship programs
- Building cultures of innovation, entrepreneurial mindsets, and skills
- Innovation management, funding, and metrics
- Leadership buy-in and organizational alignment
- Experimentation, agile working, and rapid prototyping
- Digital transformation and organizational effectiveness

"The quality of the speakers, the topics, the diversity of formats makes it unique."

"It's very rare to attend a conference that's truly peer to peer."

"Great speakers and content, and a well curated group of corporate innovators."

This is your tribe

We want you to connect, collaborate, and co-create with peers.
That's why we limit the number of participants at each Innov8rs event.
It's not just another conference, it's a tribe.

Spend time with innovators of all trades, including:

- Intrapreneurs or corporate entrepreneurs
- Innovation (program) managers and directors
- Heads of labs, incubators, and accelerators
- Corporate venturing, strategy, and business development managers
- R&D and product development professionals
- HR and organizational transformation leaders

Your tribe comes from these brands:

"I have so many more great people in my world now and have a brain bursting with new ideas."

"I no longer feel isolated in an innovation role at my company. The community development and networking were top notch."
