# A different kind of event

**Most conferences don't provide you with tangible learning outcomes. Innov8rs is different.**

Rather than forcing you to sit for hours in a large hall listening to a celebrity on a stage far away, you'll tackle your your challenges in targeted and hands-on sessions covering everything corporate innovation from A to Z and start to scale.

During the 2 days of Innov8rs Miami, you will:

- Gain insights on trending topics and cross-industry best practices from (inter)national thought leaders.
- Get the real and raw stories from innovators across industries, sharing their successes, failures and everything in between.
- Engage in open and honest conversations with experts and peers to get solutions to your challenges
- Work on your actual challenges, guided by experts and learning from peers.
- Develop new skills and experiment with new frameworks, tools and techniques.

"The most varied and beneficial conference I've attended over the past 15 years."

# It's the people.

Beyond the high quality content, it's the people you'll meet and the conversations you'll have with them that make you go back home excited, re-energized and equipped with new strategies, tactics and skills. To further increase your impact, and improve the innovation outcomes of your organization.

But don't take our word for it. Here's a recap of our most recent summits in Madrid and Los Angeles:

Since 2011, we've hosted this gathering in 21 cities around the world, as you can see here: <https://innov8rs.co/past-editions/> We'll bring the same vibe of collaboration, of sharing, of learning to Miami next February. Be part of it.

This is what they say:

*"Unlike other conferences, mixing with like-minded people made it feel like you were really learning something, rather than watching an endless stream of startup pitches and panel discussions that aren't really saying anything original at all..."*

*"There is not another conference that has this level and quality of people who are really driving change around the world."*

*"This is one of those conferences where you come in at day one, you find your people and you start unravelling the challenges and problems you're facing and you start solving them together."*

*"The presentations are great, don't get me wrong, they are amazing – but it is about the people."*

*"There's a diversity of people here. There's C-suite, there's new to the innovation space doers. And because of that diversity you see different perspectives and approaches to bring innovation within an organization."*

*"This is a fantastic conference. Everything has been top notch. I love the tagline that it is a tribe, because it is a group of people that shares amazing ideas."*

*"It's very rare to attend a conference that's truly peer to peer."*

# Learn from the best.

This is your opportunity to tap into a broad diversity of perspectives, provided by 30+ speakers, including several (inter)national innovation experts and leaders working for leading brands.

# Join your tribe.

If you have innovation in your title, or innovation as a mindset, this is your tribe. There's no better opportunity for you and your team to connect and collaborate with peers.

Yes, there are tons of conferences. But this one is different... and we'll be in Miami only once. Don't miss out!
