Co-hosted by

## A different kind of event

Loved by participants, trusted by brands. Beyond the high-quality content, it's the curated group of innovation leaders attending that makes our events more impactful than all the others.

Since 2011, we've hosted intimate, immersive, and impactful gatherings for corporate innovators to understand how their peers operate, to experiment with new methods and tools, and to learn essential skills.

We've already visited innovation hotspots like London, Munich, New York, Singapore, Stockholm, San Francisco, Toronto, Tel Aviv, Sydne, Parisy and Los Angeles – our next stop is Shanghai on 26-27 June 2019. No long keynotes nor talking-heads on boring panels with talking heads that are just interested in hearing themselves, but tens of hands-in, practical sessions where you actually do stuff.

Innov8rs events are carefully designed learning experiences, supporting participants to learn, work on their challenges and connect and collaborate with peers.

"The most varied and beneficial conference I've attended over the past 15 years."

## Your innovation immersive.

Covering the full breadth of innovation management from A to Z, the conference offers a diverse range of high quality sessions catering to every innovator, regardless of maturity or industry. You'll gain lots of practical insights you can start applying right away.

## It's the people.

Beyond the high quality content, it's the people you'll meet and the conversations you'll have with them that make you go back home excited and re-energized.

But don't take our word for it. Here's a recap of one of our recent conferences, in Los Angeles:

#### This is what they say:

"Unlike other conferences, mixing with like-minded people made it feel like you were really learning something, rather than watching an endless stream of startup pitches and panel discussions that aren't really saying anything original at all."

"The presentations are great, don't get me wrong, they are amazing – but it is about the people."

"There's a diversity of people here. There's C-suite, there's new to the innovation space doers. And because of that diversity you see different perspectives and approaches to bring innovation within an organization."

"This is a fantastic conference. Everything has been top notch. I love the tagline that it is a tribe, because it is a group of people that shares amazing ideas."

"It's very rare to attend a conference that's truly peer to peer."

"There is not another conference that has this level and quality of people who are really driving change around the world."

## Trusted by leading brands.

At our events, participants connect, collaborate, and co-create with peers and experts. That's why we limit the number of participants at each Innov8rs event. It's not just another conference, it's a tribe.

#### You'll connect and collaborate with innovators of all trades, including:

- Intrapreneurs or corporate entrepreneurs
- Innovation (program) managers and directors
- Heads of labs, incubators, and accelerators
- Corporate venturing, strategy, and business development managers
- R&D and product development professionals
- $-\mbox{ HR}$  and organizational transformation leaders

#### Our tribe comes from brands like:

## Join your tribe.

If you have innovation in your title, or innovation as a mindset, this is your tribe. There's no better opportunity for you and your team to connect and collaborate with peers, and to immerse yourself in the Shanghai innovation ecosystem.

Yes, there are tons of conferences. But this one is different.... You don't want to miss out!
