

Innov8rs Connect

Culture, Talent and Teams

16-19 March

The Best & Latest in Corporate Innovation

As innovation leaders and professionals, we play a crucial role for our organizations in the current context. Yet often it feels like we're living on an island. We're facing many new and old challenges, but we're all too busy to breathe.

Tons of questions. Time to get answers. Join 500+ cross-industry innovation leaders and professionals for the Innov8rs Connect series between November 2020 and April 2021.

You will

- ✓ Understand what's working in other companies
- ✓ Benchmark your approach and performance
- ✓ Explore new approaches and develop new skills

innov8rs.co/connect

You'll learn and do stuff.

Forget pointless powerpoints. You'll roll up your sleeves and work with peers and experts in interactive small group sessions.

Whatever your challenges are, and regardless of industry and innovation maturity, you'll leave with new, practical insights and an upgraded toolbox, to implement right away.

In the main week of the event, you can choose to join a diverse range of 35+ interactive small group sessions and peer circles as they happen. You can also host your own sessions to ask for feedback or share your approach.

Beyond the live sessions, from 8 March until 16 April you'll have access to our community platform to check other relevant content. Plus you can easily tap into the expertise and experiences of peers and experts there as well: ask questions, join discussions and connect with other participants.

innov8rs.co/connect

Culture, Talent and Teams

In the fifth event of this Innov8rs Connect series, we'll dive into everything "people".

What makes for effective and high-performing innovation teams, and how do we best collaborate with other functions and the business? How can we change culture and build capabilities to support innovation company-wide?

During this event, we'll discuss the best and latest on these crucial questions- and more. You'll find all sessions as scheduled during the main week of the event in this booklet.
